

2016-2017 Parent Permission for Photo/Video footage and Communication

Photo/Video: From time to time BDCHS will use photos and/or video footage of students involved in school activities for advertising and promotional purposes. These may be included in print media and/or video interviews for our website, TV broadcasts, or DVD promotions. Most students and parents are happy to be involved, but parental permission is required to use photos and video footage of school age children.

Communication: A major goal for our school is to maintain open and effective communication with our families. We implement Parentlink, Edsby, Guidmii, and email database tools, which will allow us to send electronic communications (newsletters, emergency alerts, assessment information, academic performance updates) via email and text message formats.

To participate in our communication system, the following information is required:

Student Name: _____ Grade: _____

Student Number: _____

Parent/Guardian Name: _____

Parent's preferred email address: _____

Parent's preferred mobile phone (with text message capabilities): _____
