

2016 – 2017 BDCHS Carline Procedures and Expectations

Students may access the school at 6:45 am and should NOT arrive before this time. BDCHS does not provide supervision after 3:15 pm; students should be picked up by this time.

All **school traffic** for morning and afternoon student drop-off and pick-up should enter the school from Central Avenue from Fowler Avenue and exit South on Central towards Bougainvillea. There are two lines of traffic unless otherwise specified and drivers are to remain in their lines unless directed to change lanes by school personnel.

NOTE TO DRIVERS: The safety of our students is priority. Refrain from cell phone use, distractions, speeding, cutting in front of other cars, etc. Pay attention to students crossing and other cars. Only enter through entrances and exit through exits. Please be patient to ensure all students are safe.

Carline Expectations

It is important that we ensure the safety of our students at all times including during student dismissal and pick-up. During pick up of students through the carline, it is our expectations that families picking up students follow the following procedures:

- Exercise patience: We will work to move people and cars as quickly as possible within safety guidelines
- Refrain from cell phone usage (Do not text and drive!)
- Maintain awareness
- Follow all directions (signage and carline attendants)
